

HUMANITARIAN ASSISTANCE & DISASTER RELIEF YOUR TRUSTED CIVILIAN PARTNER

We are a dynamic Australian company providing scalable, internationally competitive solutions across multiple domestic and Pacific projects. With talented staff, many of them ex-veterans, the Canstruct Group has the capability to deploy Recovery Teams (cooperatively and independently) to natural disasters at short notice.

CORE COMPETENCIES

The Canstruct Group welcomes the opportunity to further demonstrate our Humanitarian Assistance and Disaster Relief expertise and experience in remote and challenging environments throughout Australia, Asia and the Pacific. As a capacity adding partner, we are positioned to deliver the full needs of disaster response.

 Civil and building construction	 Emergency accommodation and meals
 Utilities infrastructure	 Mental health support services
 Logistics solutions	 Deployable skilled capacity

DIFFERENTIATORS

- Business practice at Canstruct is a constant proponent of **adaptability and innovation**
- Successful project delivery, in some of the **most challenging and remote locations across Australia and the Pacific**, sets us apart from the competition
- We embrace the opportunity to utilise our team's intellect to deliver **'real world' solutions** that have the end user's requirements at the core of our decision-making process
- We are **people centric, client focused**, committed to excellence and have a genuine willingness to rise to every challenge.
